

# Permission for the administration of Piriton

PENCOMBE  
C.E. SCHOOL

We keep a supply of Piriton in school and occasionally it may be necessary to administer a dose to your child in case of an emergency. We would always try and contact you by phone beforehand but this may not always be possible in the case of Forest School or on a local walk. Two members of staff would be present to administer the medicine in order to confirm the correct dosage for the age of the child.

I agree that my child can be administered Piriton by two members of staff.

☐

I DO NOT agree that my child can be administered Piriton by two members of staff.

☐

Child name: _____	Class: _____
Signed (parent/carer): _____	Date: _____
Print Name: _____	

**You can review your decision at any time and let the school know in writing.**
