In God's hands, we love, learn, grown and inspire

An Easter Garden

Pippin class have made a beautiful Easter Garden for our Parish Church. They picked flowers and collected moss then carefully arranged them in the tray. Well done children!

WWII Trip to Bewdley Museum

Oak class went on a trip to Bewdley Museum for a WWII experience. With the help of the excellent museum staff, the children were able to exercise their existing knowledge of WWII, and experience it what it felt like to be an evacuee, learn about preparations for war using a range of primary resources, and visit a genuine World War II Air Raid Shelter located in the museum grounds.

As always, the children were excellent representatives of the school and the museum staff commented on their secure understanding of WWII, their love of learning and their respect for one another throughout. It was an excellent day and thoroughly enjoyed by all - until next time....

Bromyard Lions Club

Pencombe had some visitors from Bromyard Lions Club, a local organisation, to share what they do and how they support the community and wider beyond.

They kindly brought in some beautiful and meaningful picture books surrounding topics such as rainforests, polar region, climate conditions in Australia, ocean pollution and much more.

The children can't wait to read and share them between the classes. From us all at Pencombe, THANKYOU!!

PTA Easter Egg Hunt

Our PTA organised an Easter Egg Hunt and games event for families. This included a raffle, lambs, face painting, bike sale and lots of lovely refreshments!

It was super to see so many of our families there and the PTA managed to raise lots of money for the school!

Thank you to everyone involved!
